

Camryn Evans

Austin, TX • camryncamcam@gmail.com • +1 (919) 397-2595 camrynportfolio.netlify.app

Conservation biologist and science communicator with bachelor's degrees in Ecology & Biodiversity and Anthropology, and experience across behavioral ecology, evolutionary genetics, and multispecies ethnography. Driven to protect wildlife, humans, and the habitats they both depend on.

EDUCATION

University of Denver, Denver, CO Sep 2023 – 2026

B.A.s, Ecology & Biodiversity, Anthropology. 3.76 GPA, Dean's List.

Bard College, Annandale-on-Hudson, NY Aug 2021 – May 2022

Environmental & Urban Studies, Human Rights. 3.93 GPA, Honors List.

RESEARCH EXPERIENCE

Research Assistant, Sher Lab, University of Denver (conservation biology) 2026

- Designed and conducted a Front-Range bird survey within a greater ecosystem health research project, assisted with sample processing, data collection, and maintaining research datasets.

Research Assistant, Tinghitella Lab, University of Denver (evolutionary behavioral adaptation) 2024 – 2026

- Conducted behavioral observations and trials, designed an ethogram and collected data, co-authored a paper on male competition and mate choice under rapid evolution (in preparation for submission, June 2026).

Research Assistant, Larson Lab, University of Denver (evolutionary genetics) 2025

- Performed wing imaging, audio recordings for song analysis, sample preparation, and data organization in a cricket lab.

RELEVANT COURSEWORK

Animal Behavior • Physiological Systems • Conservation Biology • The Evolution of Sociality in Animals • Evolution, Heredity, and Biodiversity • Ecology of the Rockies • General Ecology • Global Change Ecology • General Genetics

PROFESSIONAL EXPERIENCE

Aviculture Intern, International Crane Foundation, Baraboo, WI Oct 2022 – Apr 2023

- Carried out the daily husbandry routines for all 15 of the world's crane species at an AZA-accredited institution, including but not limited to cleaning, feeding, administration of medicine, and facilities maintenance for the flock, plus safe crane handling and restraint.
- Conducted behavioral observations and logged records in a zoological database (ZIMS), led a long-term pair socialization for breeding, gained familiarity with captive propagation, artificial insemination, and egg incubation.

Communications Intern, Red Hook Village Hall, Red Hook, NY Sep 2021 – Dec 2021

- Assisted the Mayor and Board of Trustees in building a village website and monthly newsletter, planned community events.

SKILLS & LANGUAGES

Skills: Field and laboratory research, zoological database proficiency, comfortable with data, AZA trained, positive outlook, solution-oriented, enthusiastic team contributor.

Languages: Arabic (working knowledge), Spanish (proficient). **Interests:** Birding, wildlife photography, art, hiking.
